Professional Summary

Ambitious Computer Science undergraduate specializing in full-stack web development with a focus on building scalable, user-friendly platforms. Experienced in designing and deploying collaborative solutions, including a responsive company website for Om Techno Tools which is a manufacturing company. Certified in FullStack Development and Oracle Java, with strong skills in MERN stack, problem-solving, and teamwork. Driven by curiosity, creativity, and a commitment to delivering impactful digital experiences.

s

SKILLS

Technical Skills: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Git & GitHub, NodeJS, Express, Java, MongoDB
Tools & Platforms: Vercel, GitHub, Vs Code, Cursor
Soft Skills: Problem-Solving, Adaptability, Communication Skills, Teamwork & Collaboration

</> INTERNSHIP

[Om Techno Pvt. Ltd.] | [Intern/FrontEnd Developer] *(June 2025-Jul 2025)*

- Built a responsive company website for Om Techno Tools
- The project was developed using Next.js, React, Tailwind CSS, VS Code, Git/GitHub
- Strengthened my technical skills in frontend development and UI/UX design
- Demonstrated the effectiveness of modern frameworks like Next.js for industrial applications

</> PROJECTS

Project/Research Title – CampusConnect *(June 2025 – August 2025)*

- Developed a MERN-stack web application, *Campus Connect*, to centralize university announcements, events, and schedules while enabling students to form study groups, collaborate on projects, and engage in a campus-wide community.
- Tools: MongoDB, Express.js, React.js, Node.js, REST APIs, WebSockets
- Gained hands-on experience in building a full-stack, real-world application integrating administrative systems with student communities

Project/Research Title – Smart Placement & Career Recommendation Portal *(Nov 2025- Jan 2026)*

- Developed an AI-assisted MERN-stack web application to analyze student profiles and resumes, providing personalized career recommendations, suitable job roles, and structured learning roadmaps to improve placement readiness.
- Tools: MongoDB, Express.js, React.js, Node.js, REST APIs, Python (Flask/FastAPI), spaCy (NLP), Chart.js
- Implemented resume parsing, skill gap analysis, and explainable recommendation logic to align student skills, academic performance, and interests with industry-relevant roles and companies.

CERTIFICATIONS

Certification Name	Issuing Organization / Platform	Duration / Date
Java Foundation Course	Oracle Academy	Aug 2024-Nov 2024
Complete FullStack Web Development	Udemy	May 2024-July 2024

ACADEMIC QUALIFICATIONS

B.Tech CSE	Sharda University	*[2023-Present]*
Intermediate	St. Paul's Academy	*[2023]*
High School	St. Paul's Academy	*[2021]*

ACHIEVEMENTS

- Participated in **Lovable Ai Hackathon**, Deployed a Blog Website (Chronicle)
- Completed **Java Foundation** from Oracle Academy
- Successfully developed a Next.js website for a manufacturing company**.**

CO-CURRICULAR/ EXTRA CURRICULAR ACTIVITY

- **District-Level Chess Player**
  Represented Ghaziabad at district level, developing concentration, planning, and resilience.
- **Lovable Hackathon** – Web Development
  Organized by Lovable AI, August 2025
  Developed and deployed a Blog Creation Website using the MERN stack during Hackathon, enabling users to create and publish blogs with a responsive interface
